Product Description

No matter where you're headed, with the Kensington PowerBolt™ 2.1 Fast Charge on board, you'll arrive with a charged iPad® 4. The Kensington PowerBolt 2.1 Fast Charge for iPad 4 will charge your iPad 4, iPad mini iPhone® 5, iPod nano® 7 or iPod touch® 5 from your vehicle's power outlet in the fastest possible time. PowerBolt automatically recognizes your Apple® device and provides the correct charging Amps. Plug in your iPad 4 and it delivers 2.1 Amps for speedy charging. Plug in an iPad mini, iPhone 5 or iPod touch 5, and PowerBolt 2.1 will only deliver the 1.0 Amps these devices need and no more. The Kensington PowerBolt 2.1 Fast Charge includes a hardwired Lightning cable, so you won't have to worry about losing cables. With the Kensington PowerBolt 2.1 Fast Charge you'll arrive at your destination with a full charge, so you can get back to surfing the web, typing emails, checking Facebook®, talking on the phone—and oh yeah, maybe even working. The Kensington PowerBolt 2.1 Fast Charge features a compact, low profile design that blends in with any vehicle interior and won't interfere with your car's controls.

Features

- Charges iPad 4, iPad mini, iPhone 5, iPod touch 5 and iPod nano 7
